internet-enabled locking device that permits communication or connection between the locker's locking device and other internet connected devices.

Also excluded are locks and hardware and accessories for assembly and installation of the lockers, locker banks and storage systems that are separately imported in bulk and are not incorporated into a locker, locker system or knocked down kit at the time of importation. Such excluded hardware and accessories include but are not limited to locks and bulk imported rivets, nuts, bolts, hinges, door handles, door/frame latching components, and coat hooks. Accessories of sheet metal, including but not limited to end panels, bases, dividers and sloping tops, are not excluded accessories.

Mobile tool chest attachments that meet the physical description above are covered by the scope of the *Orders*, unless such attachments are covered by the scope of the *Orders* on certain tool chests and cabinets from China. If the *Orders* on certain tool chests and cabinets from China are revoked, the mobile tool chest attachments from China will be covered by the scope of the *Orders*.

The scope also excludes metal safes with each of the following characteristics: (1) Pry resistant, concealed hinges; (2) body walls and doors of steel that are at least 17 gauge (0.05625 inch or 1.42874 mm thick); and (3) an integrated locking mechanism that includes at least two round steel bolts 0.75 inch (19 mm) or larger in diameter; or three bolts 0.70 inch (17.78 mm) or more in diameter; or four or more bolts at least 0.60 inch (15.24 mm) or more in diameter, that project from the door into the body or frame of the safe when in the locked position.

The scope also excludes gun safes meeting each of the following requirements:

(1) Shall be able to fully contain firearms and provide for their secure storage.

(2) Shall have a locking system consisting of at minimum a mechanical or electronic combination lock. The mechanical or electronic combination lock utilized by the safe shall have at least 10,000 possible combinations consisting of a minimum three numbers, letters, or symbols. The lock shall be protected by a casehardened (Rc 60+) drill-resistant steel plate, or drill-resistant material of equivalent strength.

(3) Boltwork shall consist of a minimum of three steel locking bolts of at least 1–2 inch thickness that intrude from the door of the safe into the body of the safe or from the body of the safe into the door of the safe, which are operated by a separate handle and secured by the lock.

(4) The exterior walls shall be constructed of a minimum 12-gauge thick steel for a single-walled safe, or the sum of the steel walls shall add up to at least 0.100 inches for safes with walls made from two pieces of flat-rolled steel.

(5) Doors shall be constructed of a minimum one layer of 7-gauge steel plate reinforced construction or at least two layers of a minimum 12-gauge steel compound construction.

(6) Door hinges shall be protected to prevent the removal of the door. Protective features include, but are not limited to: Hinges not exposed to the outside,

interlocking door designs, dead bars, jeweler's lugs and active or inactive locking bolts.

The scope also excludes gun safes meeting each of the following requirements:

(1) Shall be able to fully contain firearms and provide for their secure storage.

(2) Shall have a locking system consisting of at minimum a mechanical or electronic combination lock with a lock body that is integrated into the door of the safe. The mechanical or electronic combination lock utilized by the safe shall have at least 10,000 possible combinations consisting of a minimum three numbers, letters, or symbols.

(3) Bolt work shall consist of a minimum of three steel locking bolts of at least 1/2-inch diameter that intrude from the door of the safe into the body of the safe or from the body of the safe into the door of the safe, which are operated by a separate handle and secured by the lock.

(4) The exterior walls (inclusive of the floor and top) shall be constructed of a minimum 14-gauge thick steel and shall be lined with one or more layers of fire-retardant gypsum board bonded, affixed with brackets or otherwise securely attached to the exterior walls. The fire retardant gypsum board shall be at least 15 mm in thickness for a single layer or shall sum to at least 19 mm in thickness where multiple layers are combined together.

(5) Doors shall be constructed of a minimum of one layer of 14-gauge steel lined with a minimum of one layer of 15 mm thick, fire-retardant gypsum board bonded, affixed with brackets or otherwise securely attached to the door. The doors shall fit into jambs equipped with a fire seal fitted completely around the door frame consisting of a hydrated sodium silicate encapsulated in a plastic film or sleeve that, when heat-activated by temperatures of over 210 degrees, expands to cover the space between the jambs and door, providing a barrier to prevent the intrusion of flames, gas, or smoke into the safe.

(6) Door hinges shall be protected to prevent the removal of the door. Protective features include but are not limited to: hinges not exposed to the outside, interlocking door designs, dead bars, jeweler's lugs and active or inactive locking bolts.

(7) The excluded safe must be imported in the fully assembled condition.

The scope also excludes metal storage devices that (1) have two or more exterior exposed drawers regardless of the height of the unit, or (2) are no more than 30 inches tall and have at least one exterior exposed drawer.

Also excluded from the scope are free standing metal cabinets less than 30 inches tall with a single opening, single door and an installed tabletop.

The scope also excludes metal storage devices less than 27 inches wide and deep that: (1) Have two doors hinged on the right and left side of the door frame respectively covering a single opening and that open from the middle toward the outer frame; or (2) are free standing or wall-mounted, single-opening units 20 inches or less high with a single door.

The subject certain metal lockers are classified under Harmonized Tariff Schedule

of the United States (HTSUS) subheading 9403.20.0078. Parts of subject certain metal lockers are classified under HTS subheading 9403.90.8041. In addition, subject certain metal lockers may also enter under HTS subheading 9403.20.0050. While HTSUS subheadings are provided for convenience and Customs purposes, the written description of the scope of the *Orders* is dispositive.

DEPARTMENT OF COMMERCE

International Trade Administration

[A–549–820]

Prestressed Concrete Steel Wire Strand From Thailand: Final Results of Antidumping Duty Administrative Review; 2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that The Siam Industrial Wire Co. Ltd. (SIW) made sales of subject merchandise in the United States at prices below normal value during the period of review (POR) January 1, 2021, through December 31, 2021.

DATES: Applicable July 24, 2023.

FOR FURTHER INFORMATION CONTACT: Samantha Kinney or Brian Smith, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2285 or (202) 482–1766, respectively.

SUPPLEMENTARY INFORMATION:

Background

On February 10, 2023, Commerce published the *Preliminary Results* of the 2021 administrative review of the antidumping duty order on prestressed concrete steel wire strand (PC Strand) from Thailand.¹ We invited interested parties to comment on the *Preliminary Results*. On June 6, 2023, Commerce extended the deadline for the final results of this administrative review until July 20, 2023.² For a summary of the events that occurred since the *Preliminary Results*, see the Issues and

¹ See *Prestressed Concrete Steel Wire Strand from Thailand: Preliminary Results of Antidumping Duty Administrative Review; 2021*, 88 FR 8798 (February 10, 2023) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

² See Memorandum, “Prestressed Concrete Steel Wire Strand from Thailand: Extension of Deadline for Final Results of Antidumping Duty Administrative Review; 2021,” dated June 6, 2023.

Decision Memorandum.³ Commerce conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁴

The merchandise covered by this Order is PC Strand from Thailand. For a full description of the scope of the Order, see the Issues and Decision Memorandum.

Analysis of Comments Received

We addressed all issues raised in the case and rebuttal briefs filed in this administrative review in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is included in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Although we made no changes to the preliminary dumping margin calculations for SIW based on our analysis of the comments received from interested parties, based on further review of these calculations, we made certain changes to correct errors in our implementation of the quarterly cost methodology.⁵

Final Results of Review

We determine that the following weighted-average dumping margin exists for the period January 1, 2021, through December 31, 2021:

Exporter/producer	Weighted-average dumping margin (percent)
The Siam Industrial Wire Co. Ltd	2.10

Disclosure

We intend to disclose the calculations performed for these final results of review to interested parties within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1).

Pursuant to 19 CFR 351.212(b)(1), and given that SIW reported entered values for all of its U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales. Where an importer-specific assessment rate is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1) (*i.e.*, less than 0.5 percent), we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Consistent with Commerce's clarification of its assessment practice, for entries of subject merchandise during the POR produced by SIW for which it did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those unreviewed entries at the all-others rate determined in the original less-than-fair-value (LTFV) investigation⁶ if there is no rate for the intermediate company(ies) involved in the transaction.⁷

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

⁶ See Order.

⁷ See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of PC Strand from Thailand entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for SIW will be equal to the weighted-average dumping margin established in the final results of this review; (2) for producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the most recently completed segment; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the producer is, then the cash deposit rate will be the rate established in the most recently completed segment for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 12.91 percent, the all-others rate established in the LTFV investigation in this proceeding.⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

⁸ See Order.

³ See Memorandum, "Issues and Decision Memorandum for the Final Results of the 2021 Antidumping Duty Administrative Review: Prestressed Concrete Steel Wire Strand from Thailand," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

⁴ See *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Prestressed Concrete Steel Wire Strand from Thailand*, 69 FR 4111 (January 28, 2004) (Order).

⁵ See Issues and Decision Memorandum for a description of these errors; see also Memorandum, "Final Results Margin Calculation for The Siam Industrial Wire Co., Ltd.," dated concurrently with this notice.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: July 18, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Appendix**List of Topics Discussed in the Issues and Decision Memorandum**

I. Summary

II. Background

III. Scope of the *Order*

IV. Discussion of the Issues

Comment 1: Certain Adjustments Made in the Preliminary Results

Comment 2: Whether To Deny SIW's Scrap Offset

Comment 3: Whether To Adjust SIW's Cost of Production (COP) for Its Major Input

Comment 4: SIW's Home Market Inventory Carrying Costs

V. Recommendation

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE**National Institute of Standards and Technology****Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Streamlined Supply Chain Information Collection Request (ICR)**

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before September 22, 2023.

ADDRESSES: Interested persons are invited to submit written comments by mail to Liz Reinhart, Management Analyst, National Institute of Standards

and Technology, *PRAComments@doc.gov*). Please reference Streamlined Supply Chain Information Collection Request OMB Control Number 0693-xxxx in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or specific questions related to collection activities should be directed to Cierra Bean, Business Operations Specialist, CHIPS Program Office, (202) 815-2677, *askchips@chips.gov*.

SUPPLEMENTARY INFORMATION:**I. Abstract**

The CHIPS Incentives Program is authorized by Title XCIX—Creating Helpful Incentives to Produce Semiconductors for America of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Pub. L. 116-283, referred to as the CHIPS Act or Act), as amended by the CHIPS Act of 2022 (Division A of Pub. L. 117-167). The CHIPS Incentives Program is administered by the CHIPS Program Office (CPO) within the National Institute of Standards and Technology (NIST) of the United States Department of Commerce (Department).

The CHIPS Program Office (CPO) intends to release a notice of funding opportunity (NOFO) to solicit applications for CHIPS Incentives that will support investments in the construction, expansion, and modernization of commercial facilities in the United States for semiconductor materials and semiconductor manufacturing equipment for which the capital investment falls below \$300 million.

Information collected as part of the application process may include but is not limited to project descriptions, project timelines, narrative justifications for incentives, applicant financial information, and relevant project environmental and workforce information.

II. Method of Collection

CPO intends to collect information from applicants electronically, although other methods, e.g., interviews, email, etc., may also be leveraged. The primary tool will be Salesforce, which CPO leverages for NOFO applications.

III. Data

OMB Control Number: 0693-XXXX.

Form Number(s): None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 210.

Estimated Time per Response: 42 hours.

Estimated Total Annual Burden Hours: 8,750 hours.

Estimated Total Annual Cost to Public: \$414,050.

Respondent's Obligation: Mandatory to be eligible for CHIPS Act funding.

Legal Authority: CHIPS Act of 2022 (Division A of P.L. 117-167) (the Act).

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.
