Current measure

ARTICLE 6 - (1) With the Communiqué on Prevention of Unfair Competition in Imports (Communiqué No: 2003/14) published in the Official Gazette dated 29/7/2003 and numbered 25183, anti-dumping measures were put into effect against imports of "polyesters" (polyester fiber) registered under GTP 5503.20, at rates varying between 16.5% and 23.9% of the CIF price, depending on the company, against those of Indian origin, at rates varying between 15.8% and 22% of the CIF price, depending on the company, against those of Thai origin, and at rates varying between 6.4% and 20.1% of the CIF price, depending on the company, against those of Chinese Taiwan origin.

(3) As a result of the second NGGS, which was concluded with the Communiqué on Prevention of Unfair Competition in Imports (Communiqué No: 2014/37) published in the Official Gazette dated 13/11/2014 and numbered 29174, it was decided that the anti-dumping measures applied to the product "polyesters" (polyester fiber) registered under the GTIP number 5503.20.00.00.00 originating from the aforementioned countries would continue to be applied in the same manner.

(4) Finally, as a result of the third NGGS, which was concluded with the Communiqué on Prevention of Unfair Competition in Imports (Communiqué No: 2019/26) published in the Official Gazette dated 4/8/2019 and numbered 30852, it was ruled that the anti-dumping measures applied to the product of "polyesters" (polyester fiber) registered under the GTIP 5503.20.00.00.00 originating from the aforementioned countries will continue to be applied by changing the rates between 8.5% and 12% of the CIF price against imports of products originating from India, 12% of the CIF price against imports of products originating from Thailand, and 6.4% to 12% of the CIF price against imports of products originating from Taiwan, depending on the company.

(5) On the other hand, the product in question is also subject to a safeguard measure within the scope of the Decree on the Implementation of Safeguard Measures in Polyester Fiber Imports, which was put into effect by the Presidential Decree dated 23/8/2021 and numbered 4412, and in accordance with the Communiqué on the Prevention of Unfair Competition in Imports (Communiqué No: 2021/44) published in the Official Gazette dated 8/9/2021 and numbered 31592, it has been decided to suspend the part of the existing anti-dumping measures equal to the safeguard measure as long as the safeguard measure remains in force.

Reason

ARTICLE 7 - (1) In accordance with the second paragraph of Article 35 of the Regulation, it has been announced through the Communiqué on Prevention of Unfair Competition in Imports (Communiqué No: 2024/6) published in the Official Gazette dated 1/2/2024 and numbered 32447 that the current measure will be repealed and that the domestic producer or producers of the relevant product may request the opening of an NGGS with an application supported by sufficient evidence within the periods stipulated in the legislation.

(2) As a result of the examination of the application submitted by the domestic production sector following the aforementioned announcement, it was understood that there was information, documents and evidence that would justify the opening of an NGGS regarding the possibility of dumping and damage continuing or reoccurring in the event that the implemented anti-dumping measure was repealed.
