Silicomanganese From the People's Republic of China and Ukraine: Continuation of Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) orders on silicomanganese from the People's Republic of China and Ukraine would likely lead to the continuation or recurrence of dumping, and material injury to an industry in the United States, Commerce is publishing a notice of continuation of these AD orders.

DATES: Applicable November 1, 2024.

FOR FURTHER INFORMATION CONTACT: Blair Hood, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–8329.

SUPPLEMENTARY INFORMATION:

Background

On December 22, 1994, and August 21, 2001, Commerce published in the **Federal Register** the AD orders on product from the People's Republic of China and Ukraine.¹ On November 1, 2023, the ITC instituted,² and Commerce initiated,³ the fifth sunset review of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the *Orders* would likely lead to the continuation or recurrence of dumping, and therefore, notified the ITC of the magnitude of the margins of dumping likely to prevail should the *Orders* be revoked.⁴

¹ See *Silicomanganese from the People's Republic of China (PRC): Antidumping Duty Order*, 59 FR 66003 (December 22, 1994); and *Suspension Agreement on Silicomanganese from Ukraine; Termination of Suspension Agreement and Notice of Antidumping Duty Order*, 66 FR 43838 (August 21, 2001) (collectively, *Orders*).

² See *Silicomanganese from China and Ukraine; Institution of Full Five-Year Reviews*, 88 FR 75029 (November 1, 2023).

³ See *Initiation of Five-Year (Sunset) Reviews*, 88 FR 74977 (November 1, 2023).

⁴ See *Silicomanganese from the People's Republic of China and Ukraine: Final Results of the Expedited Fifth Sunset Review of the Antidumping*

On November 1, 2024, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Orders

The product covered by the *Orders* is silicomanganese. Silicomanganese, which is sometimes called ferrosilicon manganese, is a ferroalloy composed principally of manganese, silicon, and iron, and normally contains much smaller proportions of minor elements, such as carbon, phosphorus, and sulfur. Silicomanganese generally contains by weight not less than 4 percent iron, more than 30 percent manganese, more than 8 percent silicon, and not more than 3 percent phosphorous. All compositions, forms, and sizes of silicomanganese are included within the scope of these orders, including silicomanganese slag, fines, and briquettes. Silicomanganese is used primarily in steel production as a source of both silicon and manganese.

The merchandise subject to the *Orders* is currently classifiable under subheading 7202.30.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Some merchandise may also be imported under subheading 7202.99.5040. Although HTSUS subheadings are provided for convenience and U.S. Customs purposes, they do not define the scope of the *Orders*; rather, the written description of the subject merchandise is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Orders*. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Orders* will be November 1, 2024.⁶ Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year reviews of the *Orders* not later
