

# Future of Connectivity in the BIMSTEC region

Thiam Hee Ng  
Director, Regional Cooperation  
South Asia Department

# Change is Coming Fast

- **Digitalization**

Technology can help unblock barriers

- **Diversification**

Rise of regional network

- **Decarbonization**

Green technology and goods

# Digitalization

## Reshaping trade

- **E-commerce**  
Direct to consumer
- **Trade Facilitation**  
Modernize the process
- **Data analytics**  
Harness power to data

# Diversification

Spreading out the locations

- **Risk mitigation**  
Reduce disruptions
- **Market expansion**  
Better access
- **Efficiency**  
Balance resilience and cost

# Decarbonization

Sustainability to the forefront

- **Green Goods**  
Rising demand for renewable technologies
- **Sustainable Connectivity**  
Infrastructure has to be future ready
- **Regulations**  
Standards need to be agreed

# How can BIMSTEC respond?

Visualize the future
